1. Summary	3
2. Housing Land Supply	4
Appendix 1 – Site Schedule	5
Final Schedule including Welsh Government’s recommendations on disputed sites	5
Appendix 2 – Past Completion Data	6
Appendix 3 – Previous Land Supply Data	7
Appendix 4 – Welsh Government’s Decision Letter and the Planning Inspectorate’s Recommendation	8

1. Summary

- 1.1. This is the Newport City Council Joint Housing Land Availability Study (JHLAS) for 2017 which presents the housing land supply for the area at the base date of 1st April 2017. It replaces the report for the previous base date of 2016.
- 1.2. The JHLAS has been prepared in accordance with the requirements of Planning Policy Wales (PPW) and Technical Advice Note 1 (TAN 1). Please refer to these documents for details of the requirements for the maintenance of a five year housing land supply in each Local Planning Authority area and the process for undertaking the JHLASs
<http://gov.wales/topics/planning/policy/tans/tan1/?lang=en> .
- 1.3. Section 2 sets out details of the housing land supply and how it has been calculated. It shows that based on the residual method set out in TAN 1 Newport City Council has 6.1 years housing land supply.

Involvement

- 1.4. The housing land supply has been assessed in consultation with:
 - Home Builders Federation
 - Other Study Group members

Report Production

- 1.5. Newport City Council issued draft site schedules and site proformas for consultation between 26th April 2017 and 8th May 2017. Comments were provided by the HBF and other parties within this period. A Statement of Common Ground was subsequently prepared and following consultation with the Study Group was submitted to the Welsh Government in June 2017.
- 1.6. A Study Group meeting was held on 24th May 2017 to try and resolve disputes concerning a number of sites. As a consensus was not achieved on all the disputed matters it was necessary for the Planning Inspectorate to review these matters.
- 1.7. The Planning Inspectorate subsequently made a recommendation to the Welsh Government on the housing land supply (Appendix 4), including a recommendation to move the disputed site to category 4 of the schedule. Welsh Government has agreed with the Inspectorate's recommendation. The necessary amendments have been made to the site schedules and this information has been incorporated into this report.

2. Housing Land Supply

- 2.1. The five year land supply comprises sites with outline or full planning permission, sites with a resolution to grant planning permission subject to the signing of a section 106 agreement and sites allocated for housing in adopted development plans, categorised as prescribed in TAN 1.
- 2.2. The land supply has been calculated using the residual methodology, based on the Newport City Council Local Development Plan 2011 – 2026, adopted January 2015.

Table 1 – Identified Housing Land Supply

Housing Land Supply (base date to base date plus 5 years) – Large Sites						
		5 Year Land Supply (TAN 1 categories)		Beyond 5 years		
	Proposed homes	1	2	3	4	Homes completed since last study
Total	9447	790	3520	602	4535	952

- 2.3. Five year land supply breakdown (i.e. Categories 1 and 2):

Private	3986
Public	0
Housing Association	324
Total	4310

- 2.4. Small Site Supply – the contribution from small sites of less than 10 dwellings is based on the completions for the last five years.

Table 2 – Small Site Completions for previous 5 years

2012-2013	2013-2014	2014-2015	2015-2016	2016-2017	Total
71	50	55	37	55	268

- 2.5. The overall total 5 year land supply (large and small sites) is **4578** units (4310 + 268)

Table 3 – Five Year Land Supply Calculation

A	Total Housing Requirement (as set out in the adopted Development Plan)	10,350
B	Completions from start of plan period to JHLAS base date (large and small sites)	3649
C	Residual Requirement (A-B)	6701
D	5 Year Requirement (C/number of years of plan period remaining (10) x 5)	$6701/9 \times 5 = 3722.7$ (3723)
E	Annual Need (D/5)	$3723/5 = 745$
F	Total 5 Year Land Supply (from para 2.5)	4578
G	Land Supply in Years (F/E)	6.1

Appendix 1 – Site Schedule

Final Schedule including Welsh Government’s recommendations on disputed sites

**Residential Land Availability Schedule for Newport City Council - Welsh Government Agreed
Sites for 10 or more units as at 01.04.2017
Sites with Planning Permission, S106 or Adotped LDP**

Joint Housing Land Availability Study Report

by Ifan Gwilym BSc MSc

Swyddog o'r Arolygiaeth Gynllunio

Dyddiad: 10 Awst 2017

an officer of the Planning Inspectorate

Date: 10 August 2017

Ref: JHLAS/17/G6935/516231

Local Planning Authority: Newport City Council

- This report concerns the Newport City Council Joint Housing Land Availability Study (JHLAS) 2017.
 - The matters in dispute are set out in the JHLAS Statement of Common Ground (SoCG) submitted to the Welsh Government in June 2017.
-

Recommendation to the Welsh Ministers

1. That the 2017 JHLAS housing land supply figure for the Newport City Council area be determined as 6.1 years.

Context of the Recommendation

2. Local Planning Authorities have a duty to ensure that sufficient land is genuinely available or will become available to provide a 5-year supply of land for housing¹. The purpose of preparing a JHLAS is to:
 - Monitor the provision of market and affordable housing; and
 - Provide an agreed statement of residential land availability for development management purposes and for inclusion in the Annual Monitoring Report for the relevant Local Development Plan.
3. The Local Planning Authority (LPA) and Study Group have not reached agreement on all matters and have prepared a Statement of Common Ground (SoCG) in accordance with TAN 1 'Joint Housing Land Availability Studies' (2015).
4. The purpose of this report is to recommend an appropriate housing land supply figure to the Welsh Ministers in respect of the Newport City Council area, in the light of the matters in dispute concerning the calculation of such a figure and the available evidence. The report has been prepared in line with section 7.6 of TAN 1 by an officer of the Planning Inspectorate.

¹ PPW Edition 9 paragraph 9.2.3

Main Issue

5. The SoCG confirms that there is 1 site in dispute. The main issue is whether each of the units in dispute should count towards the five year housing land supply.

Reasons

6. Land Opposite Belmont Lodge (H1(56)) (122 units in dispute): These units form part of a proposed series of 6 blocks of mixed use hotel /residential apartments. These were given planning permission in June 2008, and allocated in Newport's LDP in 2015.
7. The site was first included in the JHLAS in 2009, and has been disputed by the Study Group for the last 4 years. As the site has been in the JHLAS for more than 5 consecutive years, I will therefore give consideration to paragraph 4.4.5 of TAN 1, and the presumption to reclassify. TAN 1 states that where sites in the land supply remain undeveloped for more than 5 consecutive years there should be a presumption to reclassify them into Category 3 or 4, unless there is an explanation, based on clear evidence, as to why they remain in Category 1 and/or 2.
8. The Council currently expect 61 of the 122 units to be completed in 2022, with the remaining units in Category 4. The SoCG states that Celtic Manor Resorts has programmed commencement of the apartments to follow the completion of a convention centre (currently under construction and scheduled for completion in 2019). The JHLAS History set out in the SoCG illustrates that expected delivery of the site has continued to slip, showing that in 2015, 122 units were expected to be delivered between 2018 and 2019, while in 2016, 122 units were expected to be delivered between 2020 and 2021. In light of these delays, I do not consider that there is clear evidence as required by paragraph 4.4.5 of TAN 1 that the site is likely to come forward in the next 5 years. As such, I consider that all 122 units should be reclassified as Category 4 in line with the advice in TAN 1.
9. The HBF and study group's stated position set out in the SoCG, questions whether these units should be considered as open market housing, given that an occupancy restriction applies for a minimum of 30 days per year. However, as I conclude that all units should be moved to Category 4 based on the presumption to reclassify after being in the housing land supply for more than 5 consecutive years, it is not necessary for me to come to a conclusion on these arguments.

Conclusion

10. Based on the foregoing analysis I recommend that the housing land supply for the Newport City Council planning area as at 1 April 2017 is 6.1 years.

Ifan Gwilym

Planning Officer

Dyddiad : Date: 11 August 2017

Dear Ms Hall,

Joint Housing Land Availability Study 2017

We received the Planning Inspectorate's recommendation on your Joint Housing Land Availability Study (JHLAS) on 10 August and this is attached. We have accepted the Inspectorate's recommendation and therefore please proceed to prepare the JHLAS report in line with this recommendation and in accordance with the template provided at Appendix 3 of Technical Advice Note 1 (January 2015). Where necessary, please also finalise your site schedule in line with the Inspectorate's recommendation.

Please check that all the calculations are correct before finalising and publishing the report. On publication please send your web link to the report to us (Planning.Director@wales.gsi.gov.uk) and notify the members of your Study Group.

Yours sincerely,

Neil Hemington
Prif Gynllunydd – Chief Planner
Cyfarwyddiaeth Cynllunio - Planning Directorate
